- *Art Supplies*
- *Parent Activities*
- *Classroom Activities*

*Participants can receive
2 STARS hours*

Thanks to the
Richland School
Administration and
Librarians for providing
a place to meet
every month!

The internet is full of incredible ideas to boost children's learning. But where do I look? Where will I get the time? How can I build these activities into my lesson plan? Come and join us for hands on learning in the Richland High School Computer lab! Each participant will be able to locate and print ideas for active summer learning. Suzanne Suyama & Karen Weakley will suggest early learning websites to explore or can share your favorites with others. Tech support on hand if we stuck!
