Music, Movement, and the Brain

Join us!

February 26, 2015

Richland High School Library

630 Long Ave, Richland

6:30-8:30 PM

Participants will leave with a variety of printed materials, books, tools (balls, juggling scarves, rhythm sticks), music and more!

Participants can receive 2 STARS hours

Movement activities help the brain develop important skills that children need to get ready for school. Come and join Tapteal's Music Teacher, Rachael Clayton, and Consultant Karen Weakley, as they present music and movement activities that will boost brain connections. Participants will leave with activities and materials you can use right away with your little ones! Come and join the fun!
