## Exploring Art for Summer Fun

Clipart courtesy of [www.phillipmartin.info](http://www.phillipmartin.info)

**June 16, 2016**

**6:30-8:30 PM**

**FREE training and STARS  
hours**

**Richland School District**

**Elementary Art Specialists**

**Heidi Castilleja, White Bluffs**

**Erika Cook, Jefferson**

**Carmen Anderson, Orchard & White Bluffs**

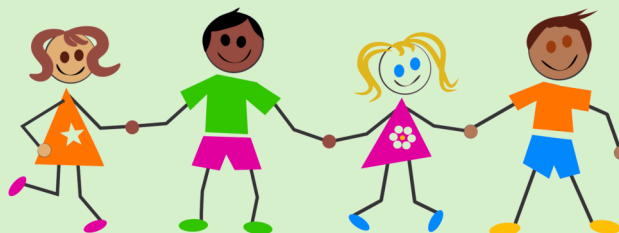

**Richland High School**

**930 Long Ave.**

**LOCATION CHANGE:** Meet in the back of the building near the Cafeteria entrance. (Auditorium side). All activities will be outdoors under patio covering.

Art plays an important role in the development of every child. It is instrumental in building motor skills, language development, problem solving, decision making, visual learning, inventiveness and creativity. As educators we have the opportunity to provide experiences that lead children to ask questions and try new things. And more importantly, art helps build confidence in ALL children.

Join us for a night of Make and Take activities with a focus on printmaking, painting, collage, air dry clay and mask making. Many great activities for school age kids and older preschoolers!

*If you'd like more information, please contact Karen Weakley, PFEL President, 509.430.6358*
